The purpose of the establishment of Community Assistance Teams is to be prepared to defend and assist our families, neighborhood and city in the event of crisis. While no one knows if or when a disaster may occur, everyone knows that it is better to be prepared than to wait for a disaster to occur to then determine what to do.

Whether you are interested in just taking care of your own home and family, learning more about what you need to do to be prepared, taking emergency response classes, or joining a neighborhood watch or other volunteer program, Community Assistance Teams are here to support you. If you have an interest in finding out more, please contact us today!
